Panel 1: The Beginning

Introduce the hero and the central problem. Setting: Futuristic town with a train station and giant clock tower. Main character: Maya. Tone: Funny, adventurous, mysterious, exciting.

Futuristic town with a train station and giant clock tower - a Funny, adventurous, mysterious, exciting moment.

Maya moves through the scene, following the story idea: Maya, a teenage inventor, discovers a tiny glowing robot hiding inside an abandoned train station. The robot remembers only one message: "Find the clock before sunset."

Maya follows a trail of mysterious clues across her futuristic town. A runaway delivery drone leads her to an old electronics shop, where she discovers a hidden map with the same symbol as the robot's glowing core.

The map points to a secret tunnel beneath the town. Inside, Maya finds a huge forgotten machine connected to the

town's clock tower. When she accidentally activates it, the entire town's power begins to fail.

With sunset approaching, Maya discovers a recording from her future self. The machine is actually an emergency system designed to protect the town. Maya uses parts from her inventions to repair it just in time.

The town's lights return, and Maya discovers the final surprise: the glowing robot was created by her future self and sent back specifically to find her.

Make the story funny, adventurous, mysterious, exciting, family-friendly, and heartwarming. Give each panel a clear story progression and make the ending surprising.. The moment builds toward the next panel.

Maya: We can do this!

Panel 2: The Discovery

The hero discovers an important clue. Setting: Futuristic town with a train station and giant clock tower. Main character: Maya. Tone: Funny, adventurous, mysterious, exciting.
